## Storm Babet - RAC advice to drivers

**Following the arrival of Storm Babet, RAC Breakdown spokesman Rod Dennis said:**

"The exceptional amount of rain being brought in by Storm Babet means conditions on the roads are proving extremely difficult. We urge drivers to heed the warnings, especially where flooding has already happened or is likely over the next few days. Drivers should never attempt to drive through floodwater as the risks are just too great.

"The disruption to rail services also means more people will take to their cars, making spray and surface water on the roads even more of a problem. It's vital anyone who absolutely has to travel prepares themselves for a longer journey, or considers waiting until the storm has passed before making it."

## About the RAC

The RAC, an iconic UK brand, provides complete peace of mind to nearly 14 million UK private and business drivers, whatever their motoring needs. As well as its premium nationwide breakdown assistance service – with an expert branded patrol workforce attending more than two million breakdowns every year – it offers a wide range of market-leading products across insurance, legal services, vehicle inspections and service, maintenance and repair. Included in this is the first-of-its-kind nationwide Mobile Mechanics service which brings the garage to homes and workplaces.

At the forefront of new solutions for business fleets and consumers, the RAC's breakdown service is electric-ready with mobile EV charging technology and can be called on using [myRAC](#) – the all-in-one route planner, fuel finder and breakdown reporting app.
